Create Machine Learning  
Models in Microsoft Azure

Microsoft Azure Machine  
Learning for Data Scientists

Build and Operate Machine  
Learning Solutions with  
Azure

Perform data science with  
Azure Databricks

Prepare for DP-100: Data  
Science on Microsoft Azure  
Exam

Nov 10, 2022

**Rodrigo Marcolino**

has successfully completed the online, non-credit Professional  
Certificate

# Microsoft Azure Data Scientist Associate (DP- 100)

An online program of five non-credit courses authored by Coursera and offered through Coursera. This program provides intermediate-level knowledge of planning and creating a suitable working environment for data science workloads on Azure. Learners who have completed this program should be able to run data experiments and train predictive models. In addition, they should be able to manage, optimize, and deploy machine learning models into production.
